EDUCATION

Carnegie Mellon University **Pittsburgh, PA**
M.S. in Engineering and Technology Innovation Management *Dec 2026 (Expected)*
GPA: 4.0/4.0; Relevant coursework: Product Management Studio, Strategy & Management, Data Science, Finance

Indian Institute of Technology - Madras **Chennai, India**
B. Tech + M. Tech (Dual Degree) in Engineering Design (Specialized in Biomedical Design) *Jul 2023*
Top 0.8% of 1.1M JEE applicants (2018).

PROFESSIONAL EXPERIENCE

Regal Cinemas · CMU Capstone **Pittsburgh, PA**
Data Product Manager *Aug 2026 - Present*
- **Led end-to-end development of Screen Scout**, a demand forecasting product leveraging 500,000+ screenings and 6,000+ films to guide movie selection and theater allocation across 391 Regal locations.
- **Validated theater recommendations against unseen releases**, achieving 69% top-quintile precision (vs. 20% baseline) and 0.76 sales correlation; delivered a production-hosted decision-support app to Regal's Data & AI leadership.

Accenture · CMU ETIM Practicum **Pittsburgh, PA**
Research Consultant *Jun 2026 - Aug 2026*
Client: A large US electric utility, asking what drives customer satisfaction through a rate increase.
- **Built a dual-model sentiment pipeline** (VADER + RoBERTa) over 3,095 discussions across 35 U.S. utilities; correcting the ~27% where the models disagreed flipped the finding from positive to negative.
- **Delivered topic-level benchmarks** across six service themes for the client's final recommendation deck.

PeerfectCV **Hyderabad, India**
Product Lead *Feb 2025 - Dec 2025*
- **Owned the full lifecycle, discovery through iteration**: Shipped the MVP in 6 weeks with 2 summer interns.
- **Grew to 50 closed-beta users at 88% onboarding completion**, then diagnosed weak feedback quality in interviews and reworked the submission flow for a 40% lift.

ARB Trading Group **Hyderabad, India**
Market Strategy Analyst *Aug 2023 - Oct 2024*
- **Built decision frameworks under uncertainty** across 12 commodities on CME, Euronext and ICE, synthesizing macro data, supply-demand signals and geopolitical risk.
- **Exited positions in stages as volatility rose** instead of all at once, lifting quarterly profit 11%.

LEADERSHIP EXPERIENCE

Product@CMU **Pittsburgh, PA**
Co-Lead *Aug 2026 - Present*
- Co-led the revival of Product@CMU, securing an AI developer platform as launch partner and attracting 50+ attendees to the relaunch event to rebuild CMU's product management community.

Avishkar Hyperloop **Chennai, India**
Business Lead *Aug 2019 - Aug 2021*
- Secured ₹4.5M in corporate sponsorships, contributing to the team's award-winning performance at EHW 2021 Spain.

PROJECTS

Bulletyn · readbulletyn.com **Feb 2026 - Present**
- Led 0→1 development of an AI-personalized news platform, translating insights from 33 user interviews into product requirements and launching daily briefings across 400+ sources and 29 topics.
- Owned product roadmap, launch, and user engagement; acquired 52 active readers organically, delivered 680+ personalized briefings, and achieved a 40.4% confirmed-open rate with zero marketing spend.
