EDUCATION

Carnegie Mellon University

M.S. in Engineering and Technology Innovation Management

GPA: 4.0/4.0; Relevant coursework: Product Management Studio, Strategy & Management, Data Science, Finance

Pittsburgh, PA

Dec 2026 (Expected)

Indian Institute of Technology - Madras

B. Tech + M. Tech (Dual Degree) in Engineering Design (Specialized in Biomedical Design)

Chennai, India

Jul 2023

PROFESSIONAL EXPERIENCE

Accenture · CMU ETIM Practicum

Research Consultant

Pittsburgh, PA

Jun 2026 - Aug 2026

- **Built a dual-model sentiment pipeline** (VADER + RoBERTa) over 3,095 discussions across 35 U.S. utilities; correcting the ~27% where the models disagreed flipped the finding from positive to negative.
- **Delivered topic-level benchmarks** across six service themes for the client point-of-view deck, scoped to sample size.

PeerfectCV

Product Lead

Hyderabad, India

Feb 2025 - Dec 2025

- **Shipped MVP in 6 weeks** using Firebase Auth and Google Sheets automation; built reciprocal peer-matching engine and guided submission flow from scratch.
- **Grew to 50+ users in closed beta** with 88% onboarding completion; replacing open text boxes with structured forms increased actionable feedback scores by 40%.

Xion Multiventures Pvt. Ltd.

Market Strategy Analyst

Hyderabad, India

Aug 2023 - Oct 2024

- **Built decision frameworks under uncertainty:** synthesized macroeconomic data, supply-demand signals, and geopolitical risk to inform high-stakes commodity trading decisions on CME, Euronext, and ICE.
- Conducted data analysis of currency trends and commodity imbalances to identify opportunities, improving successful trade rate by 11%.

Tvasta Manufacturing Solutions Pvt. Ltd.

Product Engineering Intern

Chennai, India

Dec 2021 - Jun 2022

- Managed the product lifecycle of a miniature 3D printer for paste-based materials, from design and testing through deployment.
- Engineered a material handling system and optimized slicing parameters, delivering process improvements that increased print accuracy by 20% and reduced material waste by 15%.

LEADERSHIP EXPERIENCE

Product@CMU

Co-Lead

Pittsburgh, PA

Aug 2026 - Present

- Rebuilding a dormant campus product organization; secured Replit as the partner for its relaunch event.

Avishkar Hyperloop

Business Lead

Chennai, India

Aug 2019 - Aug 2021

- Led a 5-member team managing sponsorships, finances, PR, and social media to support India's first student Hyperloop team.
- Secured INR 4.5M in corporate sponsorships through targeted outreach and stakeholder management, contributing to the team winning the "Most Scalable Design" award at European Hyperloop Week 2021 in Spain.

PROJECTS

Bulletyn · readbulletyn.com

Feb 2026 - Present

- Built and shipped an AI-curated daily news brief scanning 90+ sources across 29 topics, delivering a personalized brief to subscribers at 7 AM in their local timezone.
- Designed the full LLM pipeline end to end: source ingestion, topic classification, personalization logic, and automated email delivery.
- Owned product strategy and go-to-market: defined the topic taxonomy, user segmentation, and growth loops.
